Update on our African Connection

February / 2017

Update on our African Connection

Under the auspices of WFCCN (Facilitated by Ged Williams, Founding Chair, WFCCN) leaders representing Ghana, Sierra Leone, Nigeria, Cameroon, Kenya and Uganda met in Accra, Ghana on 15 November 2016 to plan the development of the African Federation of Critical Care Nurses. They have set a timeframe to launch the new Federation at a critical care nursing conference in Uganda in June 2017. The team will regroup at the Emirates Critical Care Conference in Dubai 6-8 April 2017 to develop the constitution, and bylaws in preparation for the launch.
