Paul Fulbrook

President

WFCCN

WFCCN membership subscription fees

In April 2016 the WFCCN Council approved the introduction of an annual subscription for WFCCN Members. The subscriptions were effective from 01 July 2016.

- From 01 July 2016, a WFCCN Member is therefore also defined as a Financial (Full) Member.
- All WFCCN Members must complete a Consent Form (attached) to comply with Australian Company regulations.
- If a WFCCN Member association has a national membership that is comprised of professions other than nursing, the WFCCN annual membership fee that is due will be calculated based on the number of its nurse members only.
- A new individual WFCCN membership category will be introduced in the future. The annual subscription fee will be USD 20-25 and payment will be online via the WFCCN website. Individual members will not have voting rights.

If a WFCCN Full Member does not pay their subscription, their membership will revert to that of Associate Member.

WFCCN Member entitlements:

- Only WFCCN Member CCNOs are entitled to vote at WFCCN general meetings (Council meetings)
- Only WFCCN Member CCNOs are entitled to vote at WFCCN annual general meetings
- Only WFCCN Member CCNOs' representatives are eligible to be elected as WFCCN Directors (Board member)¹
- Only WFCCN Member CCNOs' representatives are eligible to vote for the appointment of WFCCN Directors
- Only WFCCN Member CCNOs are eligible to co-host the WFCCN World Congress²
- Only WFCCN Member CCNOs' representatives are eligible to vote for the appointment of host associations for the WFCCN World Congress.

Associate members

In the WFCCN subscription fee structure, Associate Members are currently not required to pay an annual subscription fee. This will be reviewed every two years.

- Associate Members are entitled to be present at WFCCN general meetings (Council meetings) and annual general meetings, and may contribute to such meetings, but are not entitled to vote.
- Associate Members are not eligible to co-host the WFCCN World Congress.²

¹ WFCCN Honorary Ambassadors are also eligible to be elected as WFCCN Directors.

² From time to time, if it is in the interests of developing critical care nursing in a particular region, the WFCCN Board may sanction co-hosting of the WFCCN World Congress in an Associate Member country.

WFCCN Member annual subscription rates

- There are three levels of subscription, which are based on each WFCCN Member's national wealth level (see Table 1).
 - The wealth groups of all countries are shown in Appendix A.
- The amount each WFCCN Member contributes is determined by the number of members in their critical care national organisation (CCNO).³
 - The number of members is determined as the number of members of the CCNO at 30 June annually at the end of the financial year immediately preceding the financial year in which the subscription is due. For example, the fee due 01 July 2017 will be based on the CCNO's members at 30 June 2017.
- Minimum and maximum subscriptions fees have been set in each subscription category.
- WFCCN uses US dollars as its financial currency.
- Payments are due within the first 3 months of the financial year start (i.e. by 30 September annually), and will be invoiced by the WFCCN Finance Director annually.
- The subscription rates will be reviewed every two years at the WFCCN Annual General Meeting (Council Meeting).

Table 1. WFCCN Member subscription rates effective 01 July 2016

Wealth group	Annual subscription (US\$)	Minimum (US\$)	Maximum (US\$)
Top third	\$1 per CCNO member	\$200	\$2000
Middle third	\$0.5 per CCNO member	\$100	\$1000
Lower third	\$0.25 per CCNO member	\$50	\$200

Subscription waiver scheme

- A subscription waiver scheme is operated to ensure that all CCNOs that wish to be Members of WFCCN, but whose country is resource-limited, are able to participate.
- Individual CCNOs may apply to the WFCCN Board for a fee waiver on the basis of limited resources. This will be reviewed annually.

³ The number of CCNO members is based on its membership at 30 June annually.

Appendix A. Country comparison: GDP per capita (PPP) (CIA, 2017). Compares GDP on a purchasing power parity basis divided by population as of 1 July for the same year
