

# PRESS RELEASE

**Welcome to our new Associate Member**

July / 2017

## **WFCCN welcomes the Bosnia and Herzegovina's Medical Intensive Care Society Section of Critical Care Nurses**

The Medical Intensive Care Society brings together health professionals who practice non-surgical critically-ill management in two sections: Medical Doctors and Nurses/Technicians and was established as an association on 28 December 2016 and conferred registration and foundation in the Basic Court in Banja Luka on 21 April, 2017.

The Society aims to harmonize the professional interest of members by encouraging them to conduct research, consider the development and needs of non-surgical intensive therapy, propose measures for improvement, organize and implement forms of education for members and draws guidelines of good clinical practice.

The appointed Board members are:

1. Nikolina Civcic
2. Biljana Bozic
3. Dobrila Bozic
