April / 2017

Welcome to our new Associate Member

The Sri Lankan Society of Critical Care Nurses (SSCCN) is a voluntary group from critical care units in Sri Lanka dedicated to improve the knowledge and skills of fellow colleagues. Critical Care Nursing which is fast evolving all over the world demands very high standards of care by the healthcare professionals.

The SSCCN mission is to improve the quality of critical care and emergency nursing through education, training and research in order to provide humanitarian, ethically sound nursing care in collaboration with other healthcare professionals and focusing on the persons who are critically ill and their families.

The Council Members are:
